

# Installation Instructions

## Surface Fixed Coronation Drums Page 1 of 1

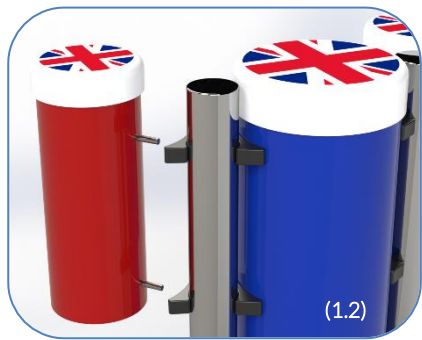

### Components:

-  x8
- M10x50 Security Screw
-  x8
- M10x50x3 Square washer
-  x4
- PU 200 Mount
-  x4
- PU 250 Mount

Thread Lock Solution  
Required (Not Supplied)

Metric Conversion:  
350mm/ 13 3/4"  
850mm/ 33"

1. Prepare flat, non-abrasive surface for assembly.

2. Attach the steel posts to either side of the large drum with the M10x50 security screws, square washers and PU mounts (1.2) (See Assembly Guide).

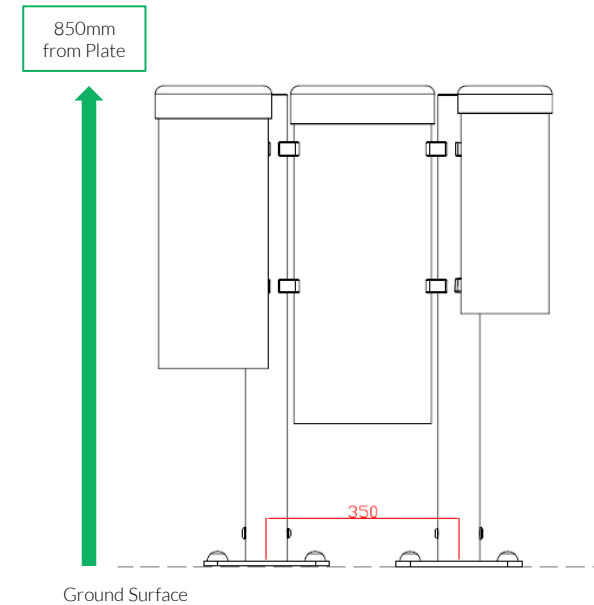

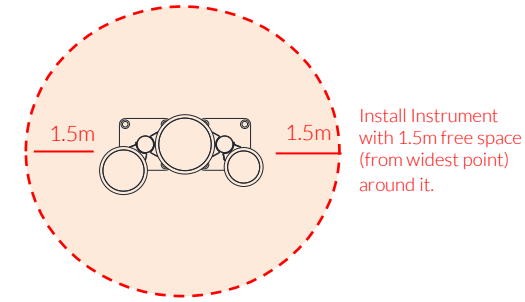

3. Attach small and medium drums to the right and left posts respectively using the same fixing method (1.1)

4. **Locate** desired location for surface plate and mark holes to fix to desired surface.

5. Sheath posts over surface plate stanchions, securing with M10x70 security screws and M10x20 barrel nuts.

6. **Fix to Plates to Surface** using recommended ground anchors - not supplied.

7. Make sure all fixings are covered and secure using cover caps provided.
